**FRONT END DEVELOPER / WEB DESIGNER**

*Hello!.*

Your job post for a Front End Developer , UI UX Designer caught my eye immediately as it describes a position for which my qualification and skills are ideal. Passionate and goal-focused Front End developer and web designer with expertise in web development, design and E-Commerce website development using web platforms.I enjoy building Custom websites to help business do better online. Graduated B.tech specialized in Information Technology.I have acquired the skills necessary to build great and premium websites and App.

I believe that my expertise would be a good match for your firm and I would greatly appreciate the opportunity to meet with you to further discuss my qualifications and skill.I have enclosed my portfolio and resume, which further details my professional achievements. I look forward to speaking with you to discuss my interest in working for your company and the fresh approach I would bring to the position. I appreciate your consideration and thank you for your time.
